

What are you paying for?

1/3 Cord (1/4 cord for short bed)

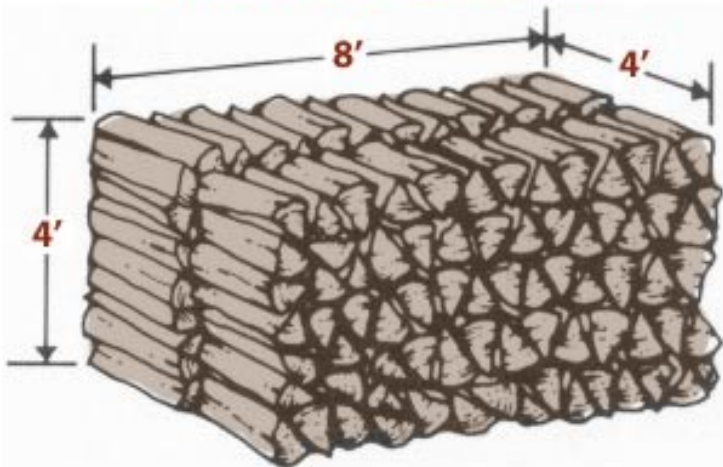

1 Cord (3/4 cord for short bed)

1/2 Cord (1/3 cord for short bed)

Firewood Cord Measurements

Standard Cord is tightly packed wood that is 8 ft long x 4 ft high x 4 ft wide.

A long bed truck with wood stacked to cab height is approximately equal to a cord of wood.

A short bed truck fully stacked to the cab is approximately 3/4 of a cord.
